

X-Blocks Workshop with Patricia Pepe Supply List

This workshop will cover a variety of design possibilities using the X-Blocks rotary cutting tool. . Large prints and stripes that work well together. Try to bring *at least* 1 medium-large print. Some contrast is necessary in your fabrics but it doesn't have to be strong. To check contrast, place fabrics next to each other and stand 10 -15 feet away. If they blend together, you need higher contrast.

Boring fabric = boring quilts!

Be bold and daring! This is fun!

- X-Blocks Rotary Cutting Tool; any size is ok (will be available for purchase at the workshop)
- Bring **3 - 4** different fabrics, approx. 1 yd. each.
(Feel free to bring additional fabric choices to give you more options)
- Rotary Cutter, mat and ruler
- Sewing Machine in good working order with manual and 1/4" sewing foot.
- Colored Pencils
- 2 or 3 small zip-lock bags
- Basic Sewing Supplies, i.e. thread, pins, scissors, seam ripper, etc.
- Personal Design Wall (this can be a flannel-backed tablecloth, piece of batting or flannel)

Optional but very helpful:

Turntable cutting mat

Small non-slip adhesive disks (to prevent rulers from slipping when cutting with rotary cutter)

Mary-Allen's Best Press (spray starch alternative)

Helpful and very necessary:

A smile and an adventurous spirit!
